Bengaluru, India 560051 | 9902751305 | [zaid63250@gmail.com](mailto:zaid63250@gmail.com) | [github.com/ZaidAhmedMSRUAS](https://github.com/ZaidAhmedMSRUAS) | [Zaid Ahmed LinkedIn](#)

## SUMMARY

Information Science and Engineering undergraduate with a strong foundation in Python, Java, C, and C++, software development, problem solving, and computer science fundamentals. Hands-on experience through Python development and front-end development internships, academic projects, hackathons, and real-time systems development using QNX RTOS. Interested in building software solutions, applying data-driven approaches, and exploring Artificial Intelligence, Machine Learning, and Data Science technologies.

## SKILLS

**Programming:** Python, Java, C, C++

**Web Technologies:** HTML, CSS, JavaScript

**AI / Data Science:** Python for data processing, automation, statistical concepts, introductory AI/ML concepts

**Systems & Embedded:** QNX RTOS, QNX Momentics IDE

**Core Computer Science:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

**Tools & Platforms:** Git, GitHub, VS Code

**Soft Skills:** Problem Solving, Analytical Thinking, Teamwork, Communication, Leadership

## EXPERIENCE

**FRONT END WEB DEVELOPER INTERN**, 08/2025 - 09/2025

**IBM SkillsBuild**, Bengaluru, India

- Developed responsive web layouts using HTML, CSS, and JavaScript frameworks.
- Debugged and resolved front-end issues, enhancing website performance.
- Managed code changes and collaborated on projects using version control systems.
- Documented code processes, tools, and workflows for team reference and knowledge sharing.

**PYTHON DEVELOPER INTERN**, 09/2024 - 10/2024

**VaultofCodes**, Bengaluru, India

- Developed Python scripts to streamline data processing and automate tasks.
- Collaborated with team members to resolve coding issues and improve system functionality.
- Participated in code reviews to ensure adherence to best practices and standards.

## EDUCATION

**Faculty of Engineering And Technology M.S. Ramaiah University of Applied Sciences, Bengaluru, Karnataka, Expected in 02/2027**

Bachelor of Technology: Information Science and Engineering — Appearing, Graduation: 2027

CGPA: 9.0 / 10

---

**QUWATHUL ISLAM PU COLLEGE, Benson Town,  
Bangalore, 04/2023**  
H.S.C: Science | GPA: 93.17  
**CORPORATION HIGH SCHOOL, Shivajinagar,  
Bangalore, 06/2021**  
S.S.C. | GPA: 85.6

---

**PERSONAL INFORMATION**

- Blood Group: B+ • Date of Birth: 01/01/2006
  - Gender: Male • Marital Status: Single
- 

**LANGUAGES**

English: C1 Advanced | Urdu: C2 Proficient | Kannada:  
B2 Upper Intermediate | Hindi: C2 Proficient

---

**CERTIFICATIONS & LICENSES**

- QNX RTOS Hackathon - State Level Competitor
  - Attending Multiple Seminars and Workshops on AI, ML, Statistics, Robotics, Data Science, Ethical Hacking and Cyber Security
  - Student Organizer and Coordinator for International Conference on IC-SIIT and IIC Regional Meet 2025
  - Taken multiple courses on platforms like Udemy, GreatLearning, Swayam NPTEL, Tutorials Point in multiple domains
  - Pravrutti 2025: National Level Tech Fest Competed in Triathlon
  - Participated in a national-level hackathon by C3iHub IIT Kanpur
- 

**AWARDS & HONORS**

- Awarded Best Student of the Year in 2020
  - Appointed Secretary of the ComputeX Club, RUAS, contributing to the planning and coordination of technical and student-focused activities.
  - Selected for a leadership role as Engagement Director at Rotaract Club of Bangalore Warriors.
  - Recognized for active participation in technical events, hackathons, workshops, and extracurricular activities.
- 

**PROJECTS**

- **Supermarket Management System** — Python-based software solution designed to manage supermarket operations and streamline data and management processes.
  - **Quiz Timer & Auto-Submission System using QNX RTOS** — Developed a real-time quiz application featuring timed assessments and automatic submission using QNX RTOS and QNX Momentics IDE.
  - **Smart Waste Impact Tracker** — Application concept designed to track waste generation and its environmental impact, promoting sustainable waste-management practice
  - **Multilevel Association Rule Mining with Concept Hierarchies**  
Developed a data-mining solution to discover associations and patterns across multiple levels of a concept hierarchy using support and confidence measures.  
**Technologies:** Python, Data Mining, Association Rule Mining, Concept Hierarchies, Data Analysis
-
